Lyrics:

You say look outside
Rain is pouring down
Lets stay and hide
I say what the hell
We've got things to do
We might as well stay and rebel

Maybe we will be everything we say
Maybe all that we dream will fade to grey
Either way, I will stay
With you

They say pay your bills
Earn your daily bread
Take all your pills
We say look around
At the heart of things
Share what you've found
Stand your ground

Maybe we will be everything we say
Maybe all that we dream will fade to grey
Either way, I will stay
With you

Lyrics:

I would like to leave this city
This old town don't smell too pretty and
I can feel the warning signs running around my mind
And when I leave this island I'll book myself into a soul asylum
'Cause I can feel the warning signs running around my mind

So here I go, I'm still scratching around in the same old hole
My body feels young but my mind is very old
So what do you say? You can't give me the dreams that are mine anyway
Half the world away, half the world away. Half the world away
I've been lost I've been found but I don't feel down

And when I leave this planet
You know I'd stay but I just can't stand it and
I can feel the warning signs running around my mind
And if I could leave this spirit
I'll find me a hole and I will live in it and
I can feel the warning signs running around my mind

Here I go, I'm still scratching around in the same old hole
My body feels young but my mind is very old
So what do you say? You can't give me the dreams that are mine anyway
Half the world away, half the world away. Half the world away
I've been lost I've been found but I don't feel down

No I don't feel down

No I don't feel down
