Lyrics:

VERSE:

I was twenty one years when I wrote this song
I'm twenty two now, but I won't be for long
People ask me when will I grow up to be a man
When all the girls I knew at school are already pushing prams
I loved you then as I love you still
Tho I put you put me on a pedestal,
I put you on the pill
I don't feel bad about letting you go, I just feel sad about letting you know

CHORUS:

I don't want to change the world
I'm not looking for a new England
I'm just looking for another girl (X2)

VERSE:

I loved the words you wrote to me
But that was bloody yesterday
I can't survive on what you send
Every time you need a friend
I saw two shooting stars last night
I wished on them but they were only satellites
It's wrong to wish on space hardware
I wish, I wish, I wish you'd care

CHORUS:

I don't want to change the world
I'm not looking for a new England
I'm just looking for another girl (X2)

VERSE:

My dreams were full of strange ideas
My mind was set despite the fears
But other things got in the way
I never asked that boy to stay
Once upon a time at home
I sat beside the telephone
Waiting for someone to pull me through
When at last it didn't ring, I knew it wasn't you

CHORUS:

I don't want to change the world
I'm not looking for a new England
I'm just looking for another girl

OUTRO (x2):

Looking for another girl, looking for another girl
Looking for another girl, looking for another girl
